Do you have the ambition to become General Manager?

With our major global presence and ambitious growth plans, Hilton needs to develop a strong cadre of future General Managers (GMs) for our Owned & Managed hotels around the world.

Elevator is a Personal Development Programme for globally mobile graduates to prepare you to be ready for a hotel GM position within 5-8 years after completing the program. It is the first rung on our talent management ladder, offering accelerated development into a first management position followed by a fast track, structured career path with ongoing development to help you to maximize your future potential with us. It is a globally consistent program, managed on a Regional basis.

What does the Program cover?

The Program is designed to give you the foundation knowledge for your journey to GM through a broad based management learning experience across all core functions of the hotel.

It is an 18 month program based on two placements in two different countries and/or Regions. It includes:

- ✓ Structured Group Orientation
- ✓ Tailored Job Experience in all Functions, taking account of any previous experience
- ✓ Formal off-the-job learning in a range of business disciplines
- ✓ Virtual Classrooms and Hilton University e-modules
- ✓ Two major Business Projects
- ✓ Personal Mentor (typically a seasoned GM)
- ✓ Competency Based Personal Development Plan
- ✓ Career Development Reviews

What are YOUR learning benefits?

By attending the Program you will build critically important technical, business and leadership skills that will form the foundation of your future career as a GM.

The blend of on-the-job experience, off-the-job development and learning, and the support and sponsorship of our business leaders will be an invaluable experience for you and your Program peers. At the end of the Program you will be ready for your first management position as Department Manager.
